Convergentie

Internet of everything

The background of the slide features a network of red threads connected to metal pins, symbolizing connectivity. The threads are thin and vibrant red, while the pins are small, cylindrical metal objects. They are arranged in a complex, interconnected pattern, with some pins standing upright and others lying flat. The overall effect is a dense, web-like structure that represents the 'Internet of Everything' concept.

Voorlopig verslag

Radiologieverslag

Patiëntgegevens:

Nummer 4300101
 Naam B.I.P.M. van Beusichem
 Geb. datum 21-04-1924

Aanvrager: M.H.H.K.M. Mechelen, v

Verrichtingen:

Datum onderzoek: 21-06-2003

Indicatie:
hemoptoe

Conclusie:

Bronchopathische tekening basaal, de longvelden zijn verder helder. Geen
 aanwijzingen voor actieve pleurale of pulmonale pathologie.
 CTR bedraagt 14/28, de longvaattekening is binnen de norm. Een normaal
 aspect van hili en bovenste mediastinum. Kalkarm aspect van de THWK.

Today's results

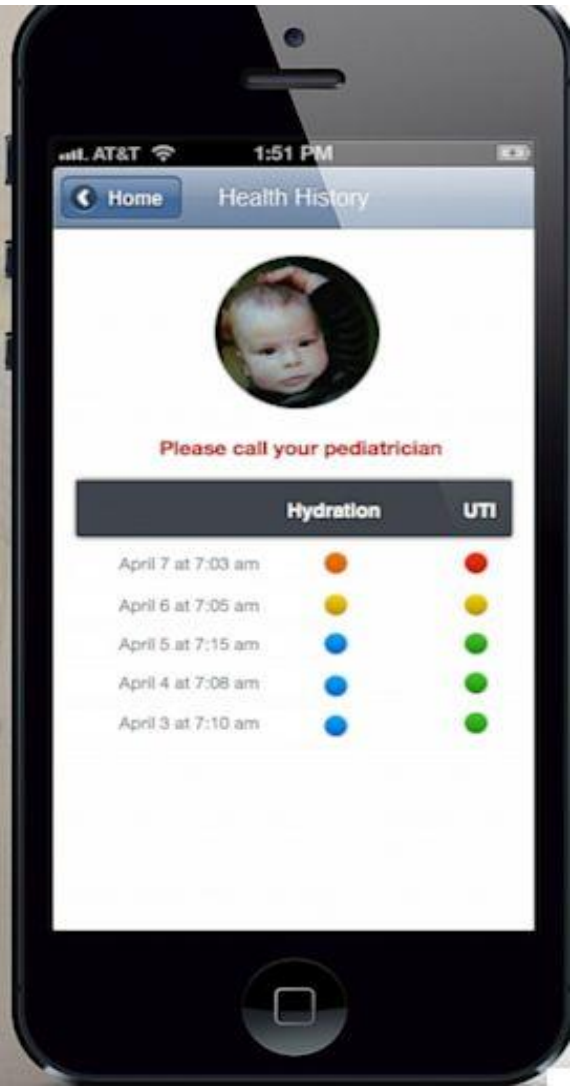

Adjust the values to see what your score would have been if you had answered differently.

What Does My Score Mean? Your score indicates your overall disease risk. Scores are calculated based on World Health Organization "Global Burden of Disease" data on the disabilities attributed to different health risk factors. Your score is based on an overall disease risk for the seven measures and habits tested. Consult with a trained healthcare provider and he/she can help you identify ways to improve your scores through lifestyle changes, treatments and engagement with community-based services. The score weightings may be updated as new data becomes available.

Scientific Resources and Principles

Physician Resources

The background is a screenshot of a medical software interface. At the top, there's a window title bar with 'ChipSoft E235 / Demo omgeving - [Voorlopig verslag 0000002075 Beusichem, B.I.P.M. v...'. Below that, a patient information bar shows 'B.I.P.M. van Beusichem' and 'Patiëntnummer 4300101'. On the right, it says 'Geboren 21-04-1924 M' and 'Document: 0000002075'. The main area is divided into several panels: 'Radiolog' on the left with a list of items like 'Aanle...', 'Kameroverzicht', 'Radiologieonderzoeken', 'Radiologieoverzichten', and 'Radiol...'; 'Voorlopig verslag' in the center with 'Radiologieverslag'; and a large image on the right showing a chest X-ray. At the bottom, there's a 'Document' button and a 'Sluiten' button. A large blue semi-transparent box is overlaid on the center of the screen, containing the title and three bullet points.

De digitale overheid

Eenzijdige focus op eigen processen en bedrijfsvoering

ICT-beleid is versnipperd en niet 'richtinggevend'

Onvoldoende reflectie op eigen rol en positie als datamonopolist (iOverheid!)

Onvoldoende reflectie op bredere publieke verantwoordelijkheid in/voor de datasamenleving

Boodschap voor nieuwe kabinet

De datasamenleving is politiek zeer urgent:

Vraagt om integrale **visie** incl. governance en middelen

Minder egovernment, meer egovernance en edemocracy

Nieuwe **rolopvatting** overheid:

Verantwoordelijk voor vitale maatschappelijke infrastructuur

Verantwoordelijk voor bescherming van publieke waarden en toegankelijkheid voor iedereen

Verantwoordelijk omgaan met data

Stelling

De overheid is teveel met zichzelf bezig.

Nodig is een integrale en richtinggevende visie op de rol van de overheid in de datasamenleving.

ICT moet in het hart van het overheidsbeleid.
